[4] The process by which a plant makes food
[8] Protect from water loss
[9] Allow for gas exchange in leaves
[10] Holds the pollen
[12] Powdery substance that are part of male sex cells in a flower

RIDDLES

I'm small and pretty, in a field I grow, my petals are soft, and I love to show. In various colors like red, pink, or white, I open up in the morning light.

What am I?

Flower
