TIC-TAC-TOE

SPOT THE 10 DIFFERENCES

RIDDLES

I'm not the sun
but give off heat,
You'll find me
where cold and
comfort meet.
Crackling sounds
and a cosy glow,
I warm your toes
when the chill
winds blow.

What am I?

STAY STRONG THIS WINTER - POWER UP WITH FRUIT!

During winter, our bodies need extra help to stay strong and fight off colds and flu. Fruits are full of vitamins like vitamin C, which helps keep our immune system healthy. This means we get sick less often and feel better faster if we do. Eating colourful fruits like oranges, naartjies, and berries gives us the energy to play, learn, and enjoy the chilly days!
